BRUNSWICK

THE MOST PRESTIGIOUS NAME IN BILLIARDS

In 1845, John Moses Brunswick set out to build the world's best billiards tables. Applying his formidable craftsmanship, a mind for innovation, and a passion for the game, he created a company synonymous with quality and billiards excellence.

Since then, Brunswick has evolved the sport of billiards and set lasting standards for years to come. We continue the tradition of creating tables that are not only engineered for premium performance, but are designed to be works of art.

Brunswick Billiards tables have been the choice of presidents, sports stars, celebrities, and industry leaders. A Brunswick table creates a natural place to gather, laugh, enjoy the company of others, and make strong, lasting connections.

BRUNSWICK BILLIARDS TABLES

Today's Brunswick billiards tables are masterpieces of craftsmanship, design, and innovation, continuing the legacy of excellence begun almost two centuries ago.

THE GAME CHANGERS

Brunswick's legacy is derived from building the best. If you look inside a Brunswick table, this becomes clear as you see innovation after innovation. Every extra step we take in the building process ensures we achieve superior accuracy and consistency in our tables. We are proud to stand behind the quality, materials and workmanship of every product that carries the Brunswick name.

5 ACCURATE NOSE HEIGHT

Banking and rebound accuracy rely on the nose height of the table's cushion rubber. Brunswick's automated, pneumatically controlled machines precisely place the cushion rubber ensuring consistent nose height all around the table that meets the 64% of a 2.25" diameter ball standard.

6 SOLID HARDWOOD RAILS

Brunswick rails are made of solid hardwood. The rails are machined to exacting standards and provide a solid foundation behind the cushion rubber to ensure exceptional accuracy and performance.

7 MACHINE RECESSED AREA

Recessed areas machined into the rail allow the rail cloth to be stapled securely many times over and not interfere with the rail attachment to the slate.

8 STATE-OF-THE-ART FINISHING

Brunswick uses the best materials possible and undergoes the most demanding and time-consuming process to achieve the optimal billiard table finish. From using Polyurethane from world class finish suppliers to conducting a 12-step or more finishing process, Brunswick cuts no corners. The evidence is in the end results... Go Ahead and Feel It!

1 HIGH PERFORMANCE™ NUT PLATES

Our exclusive nut plates allow for the application of 70% more torque to each connection, ensuring a solid, seamless transition between rail and slate that enhances performance and playability.

2 HARDENED DOME WASHER

Our hardened dome washer ensures that the rail is gripped directly on the table, providing constant tension, which prevents turning, sinking and loosening over time.

3 SUPERSPEED® CUSHION RUBBER

Brunswick SuperSpeed cushions have set the standard for over 70 years. The proprietary rubber formulation provides greater accuracy, control and rail consistency.

4 HIGH PRESSURE BONDING

Precision is critical and cushion rubber bonding and placement are essential to the overall performance. Brunswick achieves superior accuracy and consistency through proprietary pneumatically controlled machines that bond the cushion rubber to the rails for a precision fit that doesn't vary.

9 SOLID WOOD DOVETAIL SUPPORT

Solid wood cross supports utilize dovetail joinery to connect the table frame at each slate joint. This provides superior performance, supporting the slate joints as if the slate was one piece.

10 ROCK-SOLID AND READY TO INSTALL

Brunswick tables come ready to assemble. We utilize machine nut and bolt construction techniques to achieve a rock solid fine furniture product that is easy to deliver and install in homes.

11 KILN-DRIED, STAINED, AND SEALED

Brunswick tables are built to last for generations. All solid wood materials are kiln-dried to a 6-8% moisture level, then stained and sealed to keep moisture out. A durable furniture finish completes the look of each product.

12 BRUNSWICK CERTIFIED SLATE

Our slate is measured to a rigorous standard twice exceeding industry specification. The slate is precision-machined and leveled to within .01". Brunswick then checks for flatness on each side four times throughout the machining and curing process. Finally, each set is quality inspected and certified for playability.

GOLD CROWN VI

The Gold Crown VI continues Brunswick's tradition of excellence as the newest edition of the legendary table series. The Gold Crown VI features a familiar design with modern styling. The new, low-profile leg base and hidden stretcher provide a streamlined appearance while the angular canted leg emphasizes the clean lines. The table also features all new rail castings in a brushed nickel finish for a sleek, high-end aesthetic.

BILLIARDS CLOTH

Brunswick Billiards wool cloth is fashioned to the same strict standards as the tables they lay on. Attention to detail and proprietary techniques ensure they stay uniformly resilient and aesthetically pleasing at the same time.

CENTENNIAL® CLOTH

- 100% luxurious Merino wool weave billiard cloth available in 14 colors to reflect your room's individual style.
- Centennial cloth does not pill or shed, maintaining a clean, sleek playing surface.
- Teflon® fabric protector* is incorporated into the cloth fibers, safeguarding the cloth and table from occasional spills and protecting your investment without affecting play.
- Heavier Centennial cloth requires less frequent recovering of the table.

TRADITIONAL CLOTH

- Woolen billiard cloth available in 14 colors to reflect your room's individual style.
- A 2,500 lb. cylinder steams and presses the cloth to give it a harder finish ensuring little or no pilling and faster play.
- All of the wool is bleached before dyeing to provide a cleaner and more vibrant colored product.
- Exclusive shearing process provides the smoothest playing surface possible.

THE ONLY GREEN

Brunswick Billiards brings you realistic putting greens designed to complement any setting

HOW THE ONLY GREEN WORKS

BRUNSWICK'S, THE ONLY GREEN™, PUTTING GREENS OFFER THE MOST REALISTIC COURSE-LIKE CHALLENGES SUITED FOR ANY SPACE!

Our putting greens are designed to complement any setting, whether it's at your home, in the office, at a golf club, or apartment complex rec room; The Only Green putting greens maximize practice time in a minimum amount of space. Choose from The MacDonald, The Maxwell, or The Ross and find the perfect model for you based on your needs, whether it be competitive pricing, break stations, green elevation or the perfect size for your space.

Proprietary putting surface comes in a speed of 12.5 on the stimp meter. Green speed developed by PGA professionals and instructors predominantly recommending a true, tournament speed green.

A trouble-free mechanism housed within The Only Green enables players to set four different elevations of break into the green at each of the break stations. The ends of the green may also be elevated for uphill and downhill putts.

Elevations can be easily adjusted either by hand or from the standing position with any cavity back putter. Simply raise the knob in the vertical slot while sliding the other adjustment knob to the desired A through D break elevation, D being the highest elevation.

*Putters not included.

“The Only Green surface and adjustability will flat out make you a better putter.”
— Stan Utley,
PGA Instructor

“I've never putted on a better surface. Seriously.”
— Kevin Strelman,
PGA Tour Player
